2019 - 2020

# Who We Are

Orange County Grantmakers is your place to connect, learn, and create IMPACT in the Orange County community.

Established in 2006 as the Orange County Funders Roundtable, OC Grantmakers members are funders, philanthropists, private and corporate foundations, and community relations leaders committed to supporting the vibrant philanthropic sector in Orange County. As Orange County has changed, so have we, and today we exist to: Advance social impact by supporting, strengthening, and building adaptive leadership across our nonprofit and philanthropic community.

**The Orange County philanthropic sector is committed to ensuring our region reaches its greatest potential. To do this, we:**

## Convene

Providing regular opportunities for continuous learning for our members and local nonprofits on the issues most relevant to the OC Community

## Collaborate

Encouraging discussion and partnerships among business, nonprofits, government and the philanthropic sector on critical community issues

## Lead

Share our knowledge and experience on issues impacting Orange County

## Advocate

Advance public policies that support effective philanthropy, a high performing nonprofit sector, and a thriving county

OC Grantmakers is the ONLY organization in Orange County that exists to provide a space for discussion, collaboration and learning for the philanthropic community. OCG serves as a leader for positive action, innovation, effective giving and maximum impact to advance and support the work of all funders and nonprofits in Orange County.

**To support our work, we:**

- Host in-depth member only forums 4x per year on issues or collaborations in Orange County creating a safe space for funders to have candid discussions and opportunities for learning
- Host community wide learnings on significant areas of discussion including aging, immigration, arts and public policy
- Host social and networking opportunities for nonprofits and funders
- Host an annual summit for nonprofit leaders, providing a full-day of learning for CEOs, Executive Directors, Emerging Leaders and Board Members

In 2019, OC Grantmakers will be expanding our leadership in Orange County with the development of the OC EQUITY REPORT, a comprehensive report looking at issues of demographics, immigration and inclusion through an equity lens, an Orange County Strategic Plan for investment in the 2020 CENSUS, and development of CAPACITY BUILDING initiatives for the nonprofit community.

**VISION: Orange County
